Note: Georgia law requires that: (a) Each distributor, as the owner of propane at the time of odorization, or at the time of import of odorized propane, shall make the assessment based on the volume of odorized propane sold and placed into commerce in this State. Each distributor shall file the report not later than the 25th day of the month following the end of the prior quarter regardless of the amount due; and (c) A distributor shall keep records of the number of gallons of propane sold to dealers, including number of gallons, name of dealer, and rate of assessment.
